EXPLANATORY NOTE:

A leave reserve of 10 per cent of the sanctioned permanent and temporary strength of the Nursing Staff is admissible according to the scale laid down by the Government. The present strength of the cadre of permanent and temporary Ward Sisters is thirty three and sixty, respectively and therfore a leave reserve of three permanent and six temporary Ward Sisters is admissible; as against this, the strength of the leave reserve of Ward Sisters is only three permanent and three temporary. It is necessary to increase the leave reserve for temporary Ward sisters by sanctioning the employment of three additional temporary Ward Sisters.

As there is difficulty in finding substitutes in place of Ward Sisters proceeding on leave, it is proposed to create three more posts of temporary leave reserve Ward Sisters. The cost involved in the proposal is shown in the summary above.

It is proposed to make the neeessary provision in the Part II Estimates for 1949.50.
